

Technical Data Sheet

Hydroxypropyl Methyl Cellulose HPMC 200000

Description

HPMC 200000 is high viscosity Hydroxypropyl Methyl Cellulose designed for use in a wide range of construction applications.

Specifications:

Item	Standard
Physical form	White powder
NDJ, 1% solution(20°C)	180000-200000 CPS
Moisture	Max.5.0 %
Ash content	Max.5 .0 %
PH	4.0-8.0

25kg paper bags with PE inner.

12tons with pallets in 20'FCL, 14tons without pallets in 20'FCL.

Storage and Shelf Life

3 years under cool, dry conditions in original packaging away from heat sources.
